INVITED TALKS & GUEST LECTURES

Guest Lectures

Guest lecture for KPE325 – Stress and Coping (Winter 2023, University of Toronto). Title: *Psychophysiology of Stress Response III: Brain Structures.*

Guest lecture for KPE290 – Research and Design Evaluations: Qualitative Methods (Winter 2022, University of Toronto). Title: *On Mixed Methods: Picking the Best Methodological Tool for the Job.*

Guest lecture for KPE291 – Research and Design Evaluations: Quantitative Methods (Fall 2021, University of Toronto). Title: *The Replication Crisis.*

PROFESSIONAL DEVELOPMENT

Certificates

Fundamentals of OCAP (June 2020). Awarded by *Algonquin College and The First Nations Information Governance Centre.*

Certificate in Data Science (February 2020). Awarded by *SciNet High Performance Computing Consortium* at the University of Toronto.

Additional Courses and Workshops

- Analyzing Intensive Longitudinal Data (June 2023). *CenterStat.*
- Introduction to Structural Equation Modeling (June 2022). *CenterStat.*
- Linux Shell Scripting (February 2020). *SciNet Training and Education – University of Toronto.*
- Improving your Statistical Questions (online course). (December 2019). *Eindhoven University of Technology via Coursera.*
- Developing Pre-Registration Plans Workshop. (October 2019). *Society for the Study of Emerging Adulthood.*
- Introduction to GIT Version Control. (October 2019). *SciNet Training and Education – University of Toronto.*
- Graduate Centre for Academic Communication: Oral Presentation Skills. (January 2019). *University of Toronto.*
- Improving your Statistical Inferences (online course). (September 2018). *Eindhoven University of Technology via Coursera.*

- Statistics Training Day. (May 2018). Institut National du Sport de l'Expertise et de la Performance.
- L'Entrainement des Jeunes: Enjeux et Specificites. (May 2018). *Institut National du Sport de l'Expertise et de la Performance*.
- Using NVivo as a Research Tool (webinar). (September 2017). *QSR International*.
